### A Mysterious Principle.

We are blessed by a mysterious principle known as life. By its influence we are enabled to maintain our existence in the midst of agents which are constantly seeking our destruction. Our bodies are composed of elements which exist everywhere in the matter around us, but gathered into new combinations and moulded into peculiar forms.

Men and women—the old and young—are not all blessed with vigorous, strong, robust life. Unfortunately for Canada, we have our thousands who barely move and breathe; they do not possess that vigor, strength and health which means true life. Can any sane individual assert that the weary, tired broken-down, nervous, sleepless and dyspeptic man or woman enjoys life as they should? We know that many of them are weary and tired of lives of suffering.

Hold! suffering mortals. Do not despair; maintain courage and hope; there is rescue for you if you wish to walk the pleasant highway of health and true life. Know you not that Williams' Royal Crown Remedy banishes the foes by which you are beset? Are you not aware that this remedy emancipates the slaves of disease and suffering?

You have been asking for freedom from pain for many years; physicians and advertised remedies have deceived you. Now you have the true agency of health offered, will you accept it? We guarantee cure, satisfaction and new life; can the power of mortal man promise greater blessings?

Williams' Royal Crown Remedy is King; Williams' Royal Crown Remedy is a conqueror; its triumphs are multitudinous and wonderful. Try it, and know what true life means.

## Wonderful Events.

From London Free Press and Advertiser.

Certain wonderful events that occur from week to week, are recorded in our daily press, and create much surprise and call for comment amongst all classes of our population. Our people are quick to discern grand and worthy deeds; they feel that in some degree men and women are made better, and that notwithstanding the fact that the world is evil, there is still something worth living and working for. Certain newspapers have informed us of great and mighty cures, which to one class in particular these recorded events have proved a blessing, and brought comfort and cheer to many despondent hearts. Week after week we have had proof of men and women, old and young, who were saved from the dark tomb through the power of a remedy that not one paper in Canada had the generosity to mention the name, save the **London Free Press and Advertiser**, simply because they were not paid for advertising this remedy. This shows a most wonderful pecuniary principle on the part of an otherwise generous press. The principle of the London papers is to deplore such a state of affairs and to give fair publicity to all worthy preparations. It therefore is a pleasure for us to give the honorable name of this wonderful medicine known as the **Royal Crown Remedy**. It seems to be able to take hold of the worst cases—those for whom physicians held out no hope, who were pronounced beyond all earthly help. The weak, nervous, sleepless, despondent, morose, dyspeptic and rheumatic are given new life, and anxious parents and relatives are filled with joy. All this has been accomplished by **Williams' Royal Crown Remedy**. Sales last year alone amounting to thousands of dollars, and it was never known to be advertised in any paper in this country. This unparalleled record gives it first place in point of sales, and proves it to be the greatest medicine the world of science has yet produced. The proprietors • being human benefactors and desirous that all the world may be benefited, have remodeled

the package, enlarged the bottles, and decided to place it in every drug store throughout the civilized world, and truly such grand and noble works benefit us as a nation, and future generations will bless the name of the great discoverer of the grandest remedy ever given to suffering humanity.

### A New Man Made.

LONDON EAST, Aug. 6th, 1879.

I was afflicted with general debility and liver affection, and have recommended, and will continue to do so, Williams' Royal Crown Remedy, to all who are afflicted with the above complaints, and consider it has cured me—in fact made a new man of me.

P. H. McLAUGHLIN.

This is clipped from two of the leading papers of our country:

### Carelessness! Bereavement! Death!

Men, women and children are dying through carelessness and improper treatment. Families mourn the loss of loved ones who have been consigned to the grave through want of thought and improper treatment. Kidney and liver troubles, impure blood, sluggish circulation, dyspepsia, nervousness, heart troubles and rheumatism are taking off our people at an alarming rate. Little wonder that honest physicians are often disgusted with popular ignorance in neglecting the time-honored practice of taking some good spring medicine to help the system to recuperate. Reader, are you guilty of this negligence? If so, after you are cautioned it becomes a crime. You may not feel it now, but it is shortening your life. If you honestly desire "new life," "freedom from your trouble," medical experts and testimony clearly point to that honest remedy which, although never advertised, yet the sales last year in this vicinity amounted to thousands of dollars.

This truly most wonderful remedy is Williams' Royal Crown Remedy. It is not alone for the Royal Family, but the people's never failing life renewer. Thousands of our own people, once slaves to suffering and disease, stand ready to speak of its merits.

**Read How Royal Crown Remedy Cured Liver Complaint After Leading Physicians Failed; and a Walking Skeleton Puts on 180 Pounds of Healthy Flesh.**

LONDON, May 7th, 1881.

I take pleasure in adding my testimony to the many you have already. About two years ago I was suffering from liver complaint. I consulted some of the leading doctors but could find no relief. I was advised to try your Royal Crown Remedy. After using one bottle I felt so much better that I was induced to continue. When I had taken the third I could enjoy my food, which I had not done for a long time. I was reduced to a skeleton when I commenced to use it, and to-day my weight is about 180 pounds.

Yours truly,

ALEXANDER GUNN.

**A Physician's Opinion of Disease.**

From a Leading Journal.

Over-work less injurious than over-worry. A leading physician says: "The over-working and worrying of brain and mind and loss of rest cause most of the nervous ailment and many other diseases that we have to combat. It is making terrible havoc in the rank and file of our society, and it works in such a way that few people properly realize their great danger, and its victims are among our brightest and best people, selected from the richest to the poorest. Daily I meet with men and women suffering from nervous prostration, headache, insomnia—all the result of improper living and dieting." This honorable physician's opinion agrees with hundreds of our English, Canadian

and American practitioners' opinions. These dreadful causes and ravages are increasing, as seen by the hundreds of cases, many of which lead to insanity and death. But we are glad to know that with the increase of the calamities modern science has made even more rapid strides, and the old medicines are being quickly replaced by new and more scientific remedial agents, whose work is to thoroughly purify the system, not by purging, but by a more modern and reliable action, taking hold of the debilitated system and permanently uplifting it. The great and wonderful modern agent for this is known as "Williams' Royal Crown Remedy." It will truly be the wonder of the twentieth century.

### Miraculous Rescue From Ovarian Tumor and Peritonitis.

MITCHELL, January 20th, 1887.

To Isaac Williams Co.:

Dear Sirs — I am at present recovering from a most successful surgical operation for the removal of an Ovarian Tumor, from which I have suffered for a number of years, and for the disorders and general debility arising from such growths, I was continually doctoring. Being strongly opposed to patent medicines, and realizing the need of being careful as to the means I used for obtaining relief, it was not without very much persuasion, and after seeking Divine guidance, that I consented to give your Royal Crown Remedy a trial for strengthening my then completely run down system. However, I did so, and am thankful to say, was not disappointed. In a few days I began to mend, and from that time, July, 1885, until last July, when I was attacked with Peritonitis, I did not feel in need of any medicine of the doctor's prescribing and when last April I met two doctors in consultation, they pronounced nutrition excellent. I have recommended the use of Royal Crown Remedy to many, and shall continue to do so. Wishing you every success in its sale, I remain, Yours truly,

FANNY SMITHERINGALE.

# Royal Crown Remedy

Its marvellous action on the Bile, Foulness in the Stomach. It acts in a peculiar manner to other medicines in use, removing from the system worn out matters, by opening the perspiratory organs, causing a natural perspiration, in order to help nature to throw off the secretion from the blood, which causes disease.

As this preparation is double the strength of all similar medicines, therefore, if you find it to affect or nauseate the stomach, it will be best to stop its use for a day or two, or until the physic has had time to carry off the bile, then return to the medicines again until the cause is removed and health restored.

LONDON, June 20th, 1880.

Dear Sir,—I was a great sufferer for years with one of the worst kind of sore legs. I doctored a great deal with some of the cleverest doctors in Canada. They failed in making a cure. In two weeks after I commenced to use it I was able to go to work again. I feel much better in health, and the legs seem to be a sound cure from the bone. I can recommend it to the world at large.

### Physicians, Medicines, and Patent Remedies All Failed—Hundreds of Dollars Spent in Vain—A Lady Who Often Wished to Die—She Found New Life Through the King of Medicines—Hope for Young and Old—Williams' Royal Crown Remedy the Cure.

To-day there is only one honest, reliable and thoroughly tested medicine in the Dominion of Canada, whose sales amount to thousands of dollars and which you have never seen advertised in the papers. We would not hazard such a statement were we not sustained and backed up by the strongest evidence—testimony and proof from men and women who are around us on every hand, and who have no object in making false statements. To-day Williams' Royal Crown Remedy, and the marvellous cures effected by it, are subjects of deep interest in every household of our Dominion. At the present time eminent physicians are not spoken of; patent medicines, sarsaparillas, nervines and artistically made pills are cast to the winds as useless, and people everywhere are using nature's great remedy, known as Williams' Royal Crown Remedy.

Our people who send in testimony are those who have suffered severely; many have for years labored in vain for a cure, and to-day would have been in the arms of death but for

Royal Crown Remedy, as you will see by their own words.

Those who have suffered longest are the men and women who are eager to give prompt testimony; and are actuated by this noble desire for the good and benefit of their suffering fellow creatures.

## **Mistakes of Our Times.**

Few of us do comprehend our mistakes.

When we get the grip we don't realize that it is because we don't know how to dress to suit the weather.

When we get the blues we don't credit our livers with being the cause.

When we get the malaria we don't think it is because we have been exposed to open trenches in the way of streets.

When we get sober we don't give time the credit, but our own neglect.

When we get rich we think we are smart.

When we get poor we think we are just as smart, but not appreciated.

When we get lazy we call it weakness.

When we get the devil it is probably because we deserve it; but we don't like to confess this, at least I don't. Do you?

Williams' Royal Crown Remedy will cure all but the last, and that must be endured.

**Peculiar to Itself in Many Important Particulars Royal Crown Remedy is Different from and Superior to any Other Medicine**

PECULIAR in combination, proportion and preparation of ingredients. Royal Crown Remedy possesses the full curative value of the best known remedies of the vegetable kingdom.

PECULIAR in its medicinal merits. Royal Crown Remedy accomplishes cures hitherto unknown.

PECULIAR in strength and economy. Royal Crown Remedy is the only medicine of which can truly be said, 125 doses one dollar. Medicine in larger and smaller bottles require larger doses, and do not produce as good results as Royal Crown Remedy.

PECULIAR in its good name at home. There is more Royal Crown Remedy sold in London, where it is made, than all other blood purifiers.

PECULIAR in its phenomenal record of sales abroad. No other preparation has ever attained such popularity in so short a time. Do not be induced to take any other preparation. Be sure to get **Royal Crown Remedy.**

GUELPH, March 24th, 1879.

I suffered very much with the Liver and Kidney Complaints, Constipation of the Bowels, pain in my side, weakness and pain in my back, and General Debility. I got two bottles of Williams' Royal Crown Remedy. It renovated my system and cured me.

MRS. BARRETT.

MR. & MRS. WILLIAM LOCKMAN.
